DIRECTIONS FOR COMPLETION OF APPLICATION

During the 1998 session, the Vermont Legislation adopted Act 125 which, in conjunction with a Vermont Supreme Court decision [*Bianchi versus Lorenz*], has made zoning permits a land title issue.

As of 01 July 1998, these permits will be recorded in the Ludlow Town Land records. In order to assure the accuracy and readability of the applications, **all** information must be typed or hand printed clearly and legibly. Scribbling and cross-outs will not be acceptable.

Property Location is the legal address from the Town's tax records. This may be obtained from the Board of Listers.

Land Records information is available from the Board of Listers.

Applicant must be the property owner(s), as listed on the deed.

Mailing Address is the property owner's legal mailing address, where they receive all their regular mail.

Lot Size and Road Frontage is available from the Board of Listers.

Nature of Work, Existing Use, Proposed Use, Dimensions, Cost, and Area are all self-explanatory.

Setbacks are established by regulation, and shall be as exact as possible.

Water system, Septic System, and Electric are self-explanatory, and must have prior approval.

We regret any added work this may add; however, since this will directly impact the title and salability of the property, we wish to ensure that the permit records are complete and acceptable - thereby avoiding any future problems.

Thank you for your cooperation.
