10. Sign Warrant Orders:

11. Executive Session/Personnel/Contracts/Legal Issues:
  - a. Wage adjustments

12. Adjourn:

SEXTON REPORT FOR MAY, 2024

May 9, 2024

Not too much to report.

We have done two cremation burials already and by the time of this meeting we will have done another one.

I have been checking out other cemeteries rules and regulations and comparing them to ours. I have also been checking out green burials. I have found there are several cemeteries in Vermont that are called hybrid cemeteries and they do both green burials and regular burials. Some cemeteries have a special section for green burials and other cemeteries do green burials beside regular burials. I have also found there are some people dead set against green burials and others think it is the way to go.

I will be getting you more information for the next cemetery meeting.

The cemetery staff have been working hard and the cemetery looks great.

The new split rail fence has been installed by the staff and looks great.

I have five families interested in buying lots and want to see where they are before buying them

One monument company was here this week and engraved five monuments and came back the next day and cleaned a couple of monuments for upcoming burials

Have added two more cremation burials to my list

Respectfully submitted

Doug Sheehan, Sexton
