I. CALL MEETING TO ORDER:

1. The regular meeting of the Ludlow Development Review Board was called to order on Monday, July 8th, 2024 at 6:00 p.m. at the Ludlow Town Hall by Geoge Tucker, all members present.

II. RECESSED PUBLIC HEARING: Patrick Williams

1. Application is for the subdivision of one 2.45 Acre parcel into three (3) parcels, 0.61, 0.62, and 1.24 Acres. This project is located in the Village Residential district. Application No. 503-24-VA. Property Location: 2 Wilbart Avenue.
2. **MOTION by George Tucker Jr. and seconded by Julie Nicoll to close the hearing for Patrick Williams. Phil Carter asks if we've heard anything from him, and George Tucker says we have not had any additional information, and Rose had recommended at the previous meeting that we give him an additional month to see if he can make up the criteria but has**

not submitted anything additionally. Motion passed unanimously.

III. RECESSED PUBLIC HEARING: Jonathan Dubinski

1. Application is for the subdivision of one 2.45 Acre parcel into three (3) parcels, 0.61, 0.62, and 1.24 Acres. This project is located in the Village Residential district. Application No. SUB24-003. Property Location: 81 Pleasant Street.
2. Ron Tarbell was on vacation and did receive the new map that Jonathan did submit which includes a new driveway location but Tarbell said he did not submit a new access permit because his previous access permit for his previous location had been denied, so Tarbell said he has to reapply for it.
3. Phil Carter asked if any access permit is granted, and George Tucker says yes, there is one. Tucker says that Ron Tarbell's concerns were that with the grade of the terrain, a condition we should consider is a retaining wall for the slope to retain the bank if a driveway is ever installed but he has to apply for the access permit.
4. Julie Nicoll asks if we usually take engineers from other states. Tucker says he is approved in Vermont and we do require the Vermont engineering stamp. We are waiting for him to reapply for the access permit based on the one that was denied.

5. MOTION by George Tucker Jr. and seconded by Douglas Sheehan to recess the hearing for Jonathan Dubinski. Motion passed unanimously.

VI. RECESSED PUBLIC HEARING: The Mill COA / Sheehey Furlong & Behm

1. The appeal is to contest a Notice of Violation issued to the Mill Condo Owner's Association on April 16, 2024. The project is located in the Village Residential-Commercial district. Application No. 502-24-AP. Property Location: 145 Main Street.
2. Brian Porter takes the stand to say he has two copies of the MOUs that were negotiated between their attorney and the town's attorney. He gave it to the board as evidence.
3. George Tucker says with the negotiated MOU, it will now remove the notices of violation.
4. Phil Carter says he is seeing it for the first time, and asked George Tucker if he had any questions, and he says his were answered by Chris Callahan.
5. Brian Porter says it is their intent to pay the town tomorrow because they missed the bank today. 6. George Tucker says the biggest hallmarks include the following: This seeks to resolve the outstanding violations and proceed with a clean slate. In order for the town to issue permits, The Mill must satisfy the requirements for the flood hazard review regulations which will require significant engineering and design work and approval from various state authorities, including the floodplain manager. Because of this, it might take months (paraphrasing) and this will grant them the ability to work on what is called "allowed work" which includes work on units 102 - 104 and 106, and proceed to return them to the same purposes and flood plans there were existing prior to the flood. They must meet the requirements of Section 660 which are the flood hazard regulations and take on all liability if something is found later that is not in compliance, and include the deck plans with a letter from Kyle Midash. They will be paying a fine as part of removing the NOV. Upon completion and demonstration that the basement unit repair meets the public safety requirements, the town may let units be reoccupied as long as the Mill is proceeding diligently with improvements as necessary under Section 660.
7. John Boehrer has now joined on via Zoom.
8. **MOTION by George Tucker Jr. and seconded by Douglas Sheehan to close the hearing for The Mill COA. Motion passed unanimously.**

V. PUBLIC HEARING: Anthony and Catherine Valente

1. Application is for the subdivision of one 10.35 Acre parcel into two (2) parcels of 6.99 and 3.36 Acres. This project is located in the Town Residential district. Application No. SUB24-005.
Property Location: 197 DeRoo Lane
2. Jarrod Jowdy reads that public records were at the town clerk, town hall bulletin board, and post office on June 14th, and town website on June 14th, as well as the newspaper record on June 19th, and the abutting neighbors were notified on June 21st.
3. George Tucker swore in applicable parties.
4. Anthony Valente takes the stand with his wife Catherine Valente to speak about subdividing their property to allow their daughter to build a house.
5. George Tucker says they do have all their letters in hand. Valente says they had a lot of help from the office, including Jarrod and Rose. Tucker says he has the fire letter from the Fire Chief with his requirements, and Stephanie Grover's requirements as well.
6. Phil Carter asks to clarify that their 10.35 Acre parcel will be subdivided into 6.99 Acres and 3.36 Acres with the 6.99 Acre access being on DeRoo Lane. Valente notes that this is for their current residence. Valente says there will be a separate access and Catherine notes on the map where the access is.
7. Phil Carter asks if there is any wetland or any historical things, and both Catherine and Anthony Valente say no.
8. Douglas Sheehan asks if they are on town water and sewer, they say no.
